EDUCATION:
- ● MCU BHOPAL (BCA) — - June 2022- Present
- ● DAV PUBLIC SCHOOL (10th - 83% CBSE) — - MAY 2020- MAY 2021
- ● DAV PUBLIC SCHOOL (12th - 68% CBSE) — - MAY 2021- MAY 2022

PROJECTS:

- ● **Resume-Builder**
  - Frontend: Built with Vite and React, providing an interactive and fast user experience.
  - Backend: Managed by Strapi, handling CRUD (Create, Read, Update, Delete) operations for resumes. It also supports downloading resume data.
  - Authentication: Implemented using Clerk for secure user login, registration, and profile management.
  - Features: Includes functionality for users to create, edit, update, and delete resume details, with secure authentication and the ability to download resume data

- ● **Personal Portfolio**
  - Created a portfolio website that adapts to different screen sizes using HTML and CSS for a mobile-friendly experience.
  - Used JavaScript to add features like smooth scrolling and clickable project sections, making the site more engaging.
  - Minimized CSS and JavaScript files to improve the site's loading speed.
  - Maintained well-structured and readable code for easy updates and scalability.

- ● **Calculator**
  - Developed a fully functional calculator using HTML, CSS, and JavaScript.
  - Implemented basic arithmetic operations such as addition, subtraction, multiplication, and division.
  - Designed a responsive UI for seamless user experience across different devices.
